## OBJECTIVE

Position as a Photographer.

## EDUCATION

**B.A. in Photography/Graphic Design** Taylor University (Upland, Indiana) May 2009  
Outstanding Photographer of the Year 2008-2009

## WORK EXPERIENCE

**Photographer** 2009-present

Interstate Studio (Elwood, Indiana)  
Photographed portraits of elementary through high school students for school photos.  
Photographed students, teachers and staff in schools for their yearbooks. Developed ability to arrange large groups of people to pose for photos.

**Photography Editor** 2006-2009

Taylor University Yearbook (Upland, Indiana)  
Photographed numerous events, meetings, groups and sports. Delegated assignments to other photographers. Learned how to act proactively, work as a team, take advantage of the moment and develop interpersonal skills.

### Photographer

Photographed and published for University brochures, yearbook, church magazine, literary journal, weddings and others.

**Photography Internship** Summer 2008

Fotosearch (Waukesha, Wisconsin)  
Corresponded with customers, reviewed photo submissions, managed photo database, edited and added keywords to photos, designed logos and fixed website related problems.

**Independent Dealer** Summer 2007

The Southwestern Company (Utica, New York)  
Independent dealer of Southwestern products. Worked 80+ hours a week in door-to-door sales. Managed my own successful business keeping track of expenses and all other business information. Learned how to persevere in difficult circumstances, manage my time with efficiency and set attainable goals.

**Internet Marketing Specialist** Summer 2006

Fotosearch (Waukesha, Wisconsin)  
Conducted Search Engine Optimization for www.fotosearch.com and managed our large database of thousands of websites. Emailed website owners and entered new websites into database. Easily learned new techniques and adapted to new methods of operation.

**Computer Lab Supervisor** 2005-2009

Taylor University (Upland, Indiana)  
Supervised lab workers, helped schedule job shifts, maintained the lab, reported errors and issues, kept track of finances.
